Date Issued, February 18, 2010

DATE: February 18, 2010  
PROJECT NO.: Contract 3- Technology Systems Facilitator  
ADDENDUM NO.: 4  
PAGE: 2

ADDENDUM “4” This Amendment becomes a part of the Contract Documents for this Project and supersedes the original Documents dated January 15 & 29, 2010 in case of conflict.

ISSUED TO All Plan Holders of Record.

PURPOSE To supplement and modify Bidding Requirements and Contract Documents.

NOTICE This Amendment is hereby made a part of the original Contract Documents, and supersedes the original in case of conflict. All bidders shall carefully note all of the omissions, changes, additions or clarifications included herein and be responsible for taking into account any changes that will affect their work.

ACKNOWLEDGEMENT Bidders are required to acknowledge receipt of this Addendum by inserting its number and date on the Proposal Form and in accordance with the “Advertisement for Bids” and “Instruction to Bidders”. Failure to acknowledge all Addenda may subject bidder to disqualification. This Addendum forms part of the Contract Documents.

CONTENTS This Amendment consists of the following parts:

Addendum No. 3 Bidder Questions/Responses revisions.

The Bidding Documents for solicitation of bids of the above project are hereby changed in part as follows:

## Bidder Questions/Responses

Question 3.25: Do you want unit prices as part of the bid? For which items?

*Revised Answer: Unit prices are not required at time of bid. Refer to Section 00-4113 “Bid Form”; Article “D”.*

DATE: February 18, 2010  
PROJECT NO.: Contract 3- Technology Systems Facilitator  
ADDENDUM NO.: 4  
PAGE: 3

There are two (2) questions numbered 3.25. The second which is depicted below is revised to 3.25a

*Question 3.25a: Is there a bid form that shows how you want the pricing to be detailed? Or do you want a lump sum single price to cover the plans and specifications?*

*Answer: Revised Bid Form is provided with this Addendum No. 3.*

Question 3.39: How many existing PTZ cameras (for protocol converter qty, 2.2L)

*Revised Answer: There are sixty-four (64) PTZ cameras.*

Question 3.48: Please provide the make/model of the existing analog PTZ cameras and the current control wiring topology (up-the-coax or separate data wiring, home run or daisy-chained).

*Revised Answer: Figure 64 of the existing cameras are PTZ. All PTZ makes and models are unknown. But PTZs observed were Bosch. PTZ control wiring appears to be serial home runs.*

Question 3.65: Please clarify the total number of existing cameras, including break down counts for the existing fixed and PTZ cameras.

*Revised Answer: Bid based on 100 existing cameras, 64 of which are PTZ cameras.*

END OF ADDENDUM #4
